

Arkansas Winter Scene: Deer at 500 Yards

Hope Star photo, with 14-inch Schneider lens. THE STAR'S EDITOR MADE THIS PICTURE AT 2:45 P. M. yesterday from the back door of the house of W. M. Frazier, Washington dairyman — who has deer visitors almost every day in the week.

SOMETIMES THERE ARE AS MANY AS SIX DEER AND they may get close to the house — but not on Wednesday. The editor estimated the distance at 500 yards, which the telephoto lens cut to 166.

THE DOE NEVER TOOK HER EYES OFF THE CAMERA-MAN, standing watch while the two fawns grazed at her left. But now and then the doe would cast a quick tell-tale look at the woods, verifying Mr. Frazier's report that the rest of the herd was hiding close by.

MOSCOW (AP) — The Russians announced today they fired a rocket 7,700 miles into the central Pacific which fell less than 1.24 miles from its calculated target.

The multistage ballistic missile "was the first in the series of planned launchings" for producing rockets to put heavy earth satellites into orbit and for space flights toward other planets of the solar system, Tass news agency said.

The Tass announcement said the point of fall of the rocket "confirmed the high exactitude of the system of rocket control." It landed at 8:05 p.m. Wednesday at a point 12.50 kilometers (7,780 miles) from the takeoff spot — not named in the announcement — and traveled at a speed of 26,000 kilometers (16,150 miles an hour), the announcement said.

WALLOPS ISLAND, Va. (AP) — A little monkey named "Miss Sam" today survived a 48,000 foot rocket flight in rehearsal for human space travel.

KANSAS CITY (AP) — A Trans World Airlines Constellation with 29 passengers landed safely today after circling this area for more than two hours because of a malfunctioning nose gear.

The plane came down at the Olinthe Naval Air Station, southwest of Kansas City at 11:28 a.m. CST.

Heavily-Insured Man Thought Dead in Crash of Airliner Turns Up Alive in Phoenix

By EDDIE LEE

PHOENIX, Ariz. (AP) — A grey-haired, heavily insured ex-convict presumed dead in a mysterious airliner crash has turned up alive here.

Dr. Vernon Spears of Dallas was the focus of investigation into bizarre circumstances surrounding the Nov. 16 crash of a commercial airliner into the Gulf of Mexico.

Federal authorities are investigating the possibility that the crash may have resulted from a bomb.

Spears was seized by two FBI agents Wednesday as he hurriedly checked out of a Phoenix resort motel. He was jailed on a charge of interstate transportation of a stolen car, but the FBI was more interested in his answers to these questions:

What was the 65-year-old natural-born path up to when he took out \$100,000 in travel insurance? Why was he listed as a passenger on the ill-fated flight?

Did he prevail upon William Allen Taylor of Tampa, Fla., a former prison acquaintance, to take his place on the plane if so, why and how?

Was there any connection between Spears and Julian Andrew Frank, New York lawyer insured for \$300,000 and named as a possible suicide bomber on another airliner which crashed in North Carolina Jan. 1?

If Spears has given any answers, the FBI won't say. Newsmen have not been permitted to talk with him.

The extent of the FBI's interest Continued on Page Two

Coffee, Cake Sale Planned for Polio

An all day coffee and cake sale is planned for Friday, Jan. 22 by the ladies of Ozan with all proceeds going to the New March of Dimes. Whole cakes and pies of all kinds will be on sale as well as cake and pie by the piece, with coffee. The cake sale will be held at Smeed's Cafe, under the direction of Mrs. Audrey Smeed. Another cake sale is to be held on Saturday, Jan. 23 by the ladies of Washington, at Barrow's Cafe. This too is to be an all day affair, with whole or piece cake and pie, with coffee, and all proceeds from this sale will also be turned over to the New March of Dimes. Area residents are invited to visit these cake sales and are promised the very best in home made pies and cakes.

Appointment of Whaley Approved

LITTLE ROCK (AP) — A resolution commending the appointment of Storm Whaley to the new position of vice president of the University of Arkansas at Little Rock was introduced in the Legislature yesterday.

The resolution also pledged cooperation with the University Medical Center.

In the House, it was signed by 82 members.

Whaley, who has been acting president of the university, recently was named vice president for health sciences.

As such, he will be in administrative charge of the Medical Center and related facilities here.

Appeals for Freedom in Education

LITTLE ROCK (AP) — An Arkansas educator last night pleaded for continued freedom of education from government control as a bulwark against the threat of Communism.

And said Dr. H. E. Williams, president of Southern Baptist College at Walnut Ridge, For Russia, the segregation-integration controversy is "the most effective tool he have ever given them."

Devoting the bulk of his speech to asking if the U.S. has passed "the point of return" in creeping Socialism, Dr. Williams called for an end to discussion of the segregation-integration issue on grounds of its value to the Russians as a propaganda weapon.

He said, "Regardless of sincerity of opponents on the issue, both are uniting the servants to the cause of Communist revolution."

Noting the Communist appeal to the non-white persons who make up nearly 30 per cent of the human race, he expressed fear that through Communist infiltration "the great masses of colored people of the United States may become the Trojan horse of Communism through which the Kremlin may operate in America."

Dr. Williams spoke at a meeting here of Arkansas Power & Light Co. supervisory personnel.

Dr. Williams, who visited Russia recently, said America overestimates the Soviets and they in turn underestimate Americans.

Tranquilizer Sales Total \$200 Million

WASHINGTON (AP) — A Senate subcommittee said today drug makers are taking in nearly 200 million dollars a year from sales of tranquilizers. It set out to determine whether the prices are too high.

Sen. Estes Kefauver (D-Tenn.) said the prices affect not only persons who buy and use the prescription drugs, but to some extent all taxpayers whose money helps support mental hospitals. Some of the more potent tranquilizers are widely used in treating the mentally ill.

Other types of tranquilizer pills are used by millions of Americans to relieve anxiety and tension.

Kefauver did not estimate the value of retail sales but said sales at the manufacturers' level are now estimated at between 175 million and 200 million dollars a year.

Kefauver is chairman of the Senate Antitrust and Monopoly subcommittee. His statement was prepared for the opening of hearings into another phase of the group's inquiry into administered prices in the drug industry. The first round of hearings dealt with the pricing of anti-arthritis drugs.

Robert L. Massey Dies in Shreveport

Robert L. Massey, aged 47, formerly of Hope, died today at Shreveport. He is survived by his wife, Betty, a daughter, Mrs. Norman Mabry; two brothers, Thomas and Wright Massey, both formerly Hope residents.

Services will be held at 10 a. m. Friday at Shreveport Graveside. Burial will be at Hope at 2 p. m. in Hill Cemetery in Hope at 2 p. m. with Herndon-Cornelius in charge.

His decision, made against recommendations expressed both publicly and privately by some of his top advisors, amounts to a challenge to Humphrey in his back yard.

And the race may be for higher stakes than Wisconsin's 31 congressional delegate votes, since Humphrey already has said that if he loses in Wisconsin he may withdraw from the race. Losing, he said, means getting fewer than 16 delegates.

Police Chief Jack Brown said today that the "broken neck" incident was all a hoax apparently staged by the man found on Highway 67, listed as Joseph Nemeth, had broken his neck at one time but it had healed.

He was found Tuesday night on the Highway apparently suffering from severe pain. X-rays at a local hospital revealed his neck had been broken, so he was rushed to a Little Rock hospital where further examination showed it was an old break.

Nemeth claimed a car had hit him from behind as he walked along the highway facing traffic.

Investigating Officers Brown, State Trooper Ward and Pankey and Sheriff Jimmie Griffin said yesterday the whole deal looked mighty strange to them.

Although suspicious from the start the officers could only go by what they were told.

Officers believe the man used the stunt to get into hospitals for "shots" and to get to another city.

All of Faubus' Proposals Get Full Approval

LITTLE ROCK (AP) — The Arkansas Legislature is expected to move today toward speedy action, with passage of the 11 bills proposed by Gov. Orval C. Faubus assured.

Both houses yesterday approved separate—but nearly identical—versions of the three industrial financing bills and eight lesser measures proposed by Faubus.

Two bills introduced in the House without Faubus' backing died.

Today the Senate and House will get both versions and will sign the one he chooses.

An expected controversy over an egg-grading law was settled by a compromise worked out by Faubus and interested legislators.

No controversy appeared over a bill to add a second division in the Fourth Chancery District.

The three bill package to strengthen the state's industrial development program would:

Permit cities and counties to issue non-taxable revenue bonds to finance industry.

Allow cities and counties to cooperate in industrial financing.

Authorize the State Finance Board to buy up to two million dollars worth of the revenue bonds set up in the first act.

This latter measure drew opposing votes from Pulaski Rep. J. H. Cottrell and Woodruff Rep. Jack Oakes on grounds the state should not commit such a large amount from its reserves.

The other two passed unanimously.

William Smith, a Faubus legal aide, said the new bills are designed to supplement rather than replace existing laws.

A Senate amendment to the city-county partnership law spelled out that the new revenue bonds and tax-backed bonds authorized under Amendment 48 to the state constitution.

Another amendment, proposed by Garland Rep. Ray Smith, was defeated. It would have allowed bondholders to obtain control of some other properties owned by cities and counties in case of default. The bill permits surplus revenues of some publicly owned properties, such as utilities, to be pledged to repay bonds.

Smith urged defeat of his amendment, explaining it was proposed to make it clear in case of court suits the Legislature intended to permit pledging of surplus.

Kennedy in Wisconsin to Slug It Out

MILWAUKEE (AP) — Sen. John F. Kennedy (D-Mass.) announced today that he will run against Sen. Hubert H. Humphrey in Wisconsin's presidential preference primary April 5. His decision sets up the first direct test between the two major candidates for the Democratic nomination.

Kennedy, who had said earlier that any formal declaration would be made in Wisconsin, flew to Milwaukee from Washington to address a news conference this morning.

His decision, made against recommendations expressed both publicly and privately by some of his top advisors, amounts to a challenge to Humphrey in his back yard.

Industrial Group Officers

AT A SPECIAL MEETING OF THE HEMPSTEAD COUNTY Industrial Foundation Board late yesterday, new officers were elected for the year 1960. The group is headed by Frank McLarty, president, (center); Henry Seamans, vice-president, (right) and Teddy Jones, secretary-treasurer, (left).

The retiring president, James H. Pilkinton, and the new president, Mr. McLarty each issued statements, as follows:

"I have served as president of the Hempstead County Industrial Foundation for the past two years and have enjoyed the experience. While we have not accomplished a great deal on the surface, we have done all that could be done under the circumstances, during that period to further the industrial development of Hope and Hempstead County."

"The Hempstead County Industrial Foundation is principally a financing agency and was not intended to supplant or do the work of the Hope Chamber of Commerce. We have tried to keep that fact in mind during the past two years, and I think that it is important that we bear that fact in mind in the future."

"During the past two years I have enjoyed the co-operation of most of the Board and many other hardworking citizens. It has been my observation, however, that there are too few people working for the industrialization of Hope. This is an undertaking which cannot be accomplished by just a few people no matter how hard they work or how much time they devote to it. It is a task which will require the understanding and co-operation of a large majority of the people in this area, including the local press and cannot be successfully accomplished in any other way. I am thoroughly convinced that no one is going to do this for us and unless we do it for ourselves it will not be done."

"I would like to thank the board for its co-operation and encouragement during the past two years and to pledge my full co-operation and help to the new officers and Board during the coming years."

Respectfully submitted, James H. Pilkinton President

"In accepting the presidency of the Hempstead County Industrial Foundation Board, I did so with a pledge from each member for their whole-hearted support for which I am grateful."

"I would now like to appeal to the local press, the radio station and the entire public for its support. Bringing new industry into any community is a tremendous job and calls for hard work and good pursuit."

"I would like to make it crystal clear at the beginning that the industrial group will work hand-in-hand with the Hope Chamber of Commerce whose duty it is to continue its search for industrial prospects and when it locates one the industrial group will explore every possibility of financing the plant."

"The industrial group, however, expects to keep in close contact with the Arkansas Industrial Development Corporation and to lend every assistance to them in bringing industrial plants to Hope and to Southwest Arkansas. We want to work for the betterment of our entire trade territory."

"The year 1960 looms as one for continued prosperity and industrial expansion across the state, and with new financing laws of city and county tax-exempt revenue bonds for the erection of new plants, we hope to put forth our best efforts and to obtain our share."

Respectfully submitted, Frank McLarty, President

Castro Gives Spanish Envoy Only 24-Hours

By HAROLD K. MILKS

HAVANA (AP) — Fidel Castro today gave the Spanish ambassador 24 hours to get out of Cuba after a face-to-face midnight show he gave a nationwide television audience that threatened to develop into a riot.

Fuming with rage, the bearded Prime Minister announced he was immediately recalling his own ambassador to Madrid, Jose Miró Quesada. He said it was uncertain whether a complete diplomatic break with Generalissimo Francisco Franco's government would follow.

Police and soldiers grabbed the Spanish ambassador Juan Pablo de Loyola, Marquis of Velasco, and hustled him out of the TV studio after he had rushed through a side door and accused the Prime Minister of slandering him in the broadcast. Castro said the ambassador was "in contact with war criminals and has ties with them." He accused the U.S. Embassy of similar activity against his regime.

The Prime Minister refused the ambassador's demands to be heard and shouted angrily. "You are not in Spain now. You are in Cuba."

After the ambassador was whisked away to safety from the cheering crowd, Castro brought cheers from the studio audience with the assertion:

"I will give the Spanish ambassador 24 hours to get out of Cuba. We are going to recall our ambassador immediately, there is no other remedy."

While Castro was speaking, a crowd of about 1,000 gathered outside the TV studio shouting "out with the Spanish ambassador."

The maddened Marquis was taken away under the protective custody of Cuba's army chief, Maj. Juan Almeida. They clapped out a side door, and the ambassador was rushed to his home in suburban Mariel. A mob of 1,000 was placed outside to keep him there.

Landing Gear Failed; 17 Were Americans

KINGSTON, Jamaica (AP) — A Colombian airliner bound from New York to Colombia buckled its landing gear and exploded in setting down at the Montego Bay airport early today, killing 37 of the 46 persons aboard.

Seventeen of the dead were Americans, among them a son and daughter-in-law of Sen. Homer Capehart, (R-Ind.). They were Thomas C. Capehart and his wife, Nancy, both 36, of Indianapolis on a business trip to Bogota, Colombia.

Two Dutch and two Australian passengers and five members of the seven-member Colombian crew lived through the crash and the resultant fire that ravaged the two-million-dollar Super Constellation for two hours.

The plane, operated by the Avianca Colombian National Airline, had made an unscheduled stop at Miami for repairs to a failing engine. It was 10 hours overdue when it reached Montego Bay. A popular Caribbean resort on Jamaica's north coast 550 miles south of Miami, about 2:35 a.m.

Alleged Hired Killer Enters Finch Trial

By JAMES BACON

LOS ANGELES (AP) — Jack Cody, a coarse, cocky con man who claims he was hired to kill, faced another seige by the cross-examiner in the Finch murder trial today as it became evident the defense will contend:

1. That Cody was hired to entrap Barbara Jean Finch romantically, not to murder her.

2. That Dr. R. Bernard Finch was not armed when he went to see his wife the night of her death, and that he killed her by accident or in self defense.

Finch, wealthy 42-year-old surgeon, is on trial with his pretty 25-year-old wife, Barbara, charged as the accused of murder in the July 11 gunshot death of Mrs. Finch, 36. She was slain outside her suburban home.

Cody, brought here to testify from the Minneapolis workshop, insisted again Wednesday under cross-examination that the doctor and Miss Tregoff paid him \$1,400 to do away with Mrs. Finch, and that he had no intention of going through with it. But he was more vague about his purported conversations with Miss Tregoff, than he had been under examination by the prosecution.

He said at one point that Donald Williams, a friend of Miss Tregoff, brought up the subject of murder while arranging for him to talk to Charlo in Las Vegas, Nev. At another point, he said it was Richard Keachie, so-called middleman in setting up the meeting, who first mentioned murder.

Then later he said: "I didn't know nothing about the murder until I talked to Charlo."

Under questioning by Defense Attorney Grant B. Cooper, Cody said he agreed to kill Mrs. Finch with a shotgun July 4. He said Dr. Finch "would have an alibi because he was going to be at a tennis tournament (that day)."

Cody testified he was in Los Angeles July 4, but simply got drunk. He said he had blown the \$1,400 on Las Vegas gaming tables.

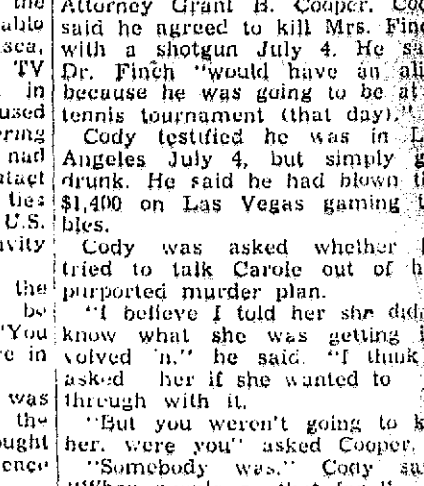

Cody was asked whether he tried to talk Charlo out of her purported murder plan.

"I believe I told her she didn't know what she was getting involved in," he said. "I think I asked her if she wanted to go through with it."

"But you weren't going to kill her, were you?" asked Cooper.

"Somebody was," Cody said. "When people go that far—"

A reporter asked Spears Wednesday if he had bombed the plane. He laughed and replied, "No. I may make a statement tomorrow."

He is accused of driving Taylor's car from Dallas to Arizona, while he had permission to drive it only from Tampa to Dallas. Testimony at a CAB hearing showed Taylor, 60, a Tampa live salesman, served time with Spears in 1936. The two were said to have talked in Tampa before the Gulf of Mexico crash. Only 10 bodies—one of them Taylor's—were recovered.

Alice Steele Taylor of Tampa previously had said she believed her divorced husband was on the plane under Spears' name possibly hypnotized.

"I am waiting for Dr. Spears to tell me what happened to Mr. Taylor," she said in Tampa early today after learning that Spears had been found at Phoenix.

The Taylors wed 18 years, were divorced three years ago.

Two Ships Missing in North Sea Storm

LONDON (AP)—A Dutch coastal capsize and a German freighter was missing today in blizzard and hurricane force winds whipping the North Sea and the northern half of the British Isles.

The 195-ton Dutch coaster "Bermuda" sank near the Hook of Holland, the Norwegian radio at Stavanger reported. The number aboard was not learned.

Five ships of three nations searched the raging North Sea for the 371-ton German freighter "Lubus" with 12 men on board. The "Lubus" radioed a desperate call for help Tuesday midnight and had not been heard from since.

The blizzard buried northern England and Scotland under ice and snow, marooning scores of villages and leaving at least one person frozen to death in a snow-drift.

Landing Gear

Continued from Page One

Rescue said the left landing gear collapsed as the plane hit the runway, and there was a terrific explosion, followed by two other blasts. The blazing plane skidded to a point about 200 yards from the old airport building.

The plane captain, J. Duque, was among the survivors. Name of those who got out appeared to be seriously injured.

This was the fourth fatal crash of a commercial airliner in 1959 and raked the airline death toll for the first three weeks of the new year to 163. At least 10 others have died in the United States in private plane crashes since Jan. 1.

Some of the passengers aboard the Colombian plane—Avianca's Flight 071—were booked for vacations or business pursuits in Jamaica. Popular with winter fun-seekers. Others were heading on to South America.

NEW YORK (AP)—An airliner en route from New York to South America crashed today in Jamaica, British West Indies, killing 37 of the 46 persons aboard, an airline spokesman here reported.

The plane crashed and burned at Montego Bay, Jamaica, a popular Caribbean resort, after its landing gear collapsed as it was landing.

Four passengers and five crew members survived.

Four other passengers who had been on the flight from Idlewild Airport here to Bogota, Colombia, left the plane when it was forced by engine trouble to stop at Miami for repairs.

The plane was Flight 671 of Avianca colombian National Airlines.

The revenue bonds would be repaid by rentals from the factories constructed with funds from the bonds. A referendum would be required to issue such bonds.

Smith said a case testing the new financing laws probably would be filed Monday in Independence Chancery Court at Batesville. Batesville is expected to use the new laws to finance location of a \$1,300,000 rubber goods plant there.

The egg-cracking compromise resulted in a bill, passed in both houses, which permits merchants to sell ungraded eggs if they are bought directly from the producer for sale directly to the consumer.

The revenue bonds would be repaid by rentals from the factories constructed with funds from the bonds. A referendum would be required to issue such bonds.

Smith said a case testing the new financing laws probably would be filed Monday in Independence Chancery Court at Batesville. Batesville is expected to use the new laws to finance location of a \$1,300,000 rubber goods plant there.

The egg-cracking compromise resulted in a bill, passed in both houses, which permits merchants to sell ungraded eggs if they are bought directly from the producer for sale directly to the consumer.

Cleburne Rep. Gen. P. Houston, who had introduced a bill to repeal the grading law, led a brief fight against the Faubus amendment. He did not call his repeal bill to a vote after the amendment passed.

newsmen and other visitors from entering, but the ambassador presumably was free to leave if he wanted to.

By telephone, the ambassador said he would make no plans to leave Cuba until he received official orders from the Cuban government.

The envoy said he was listening to Castro's broadcast and "I heard with true surprise his eloquent statements which affected me. Therefore I immediately went with my press adviser to the television studios for the purpose of asking the moderator of this station to authorize me to immediately deny before the people of Cuba those calumnies."

Castro denounced the Spanish envoy as a "holdover of fascism," and declared:

"The diplomat's attitude was shameful and surprising, as if he had established new diplomatic rules here. The only thing he lacked was a blackjack."

Ike Pressured to Extend Far East Tour

By JOHN SCALI

WASHINGTON (AP)—President Eisenhower was reported under mounting pressure today to expand his trip to Japan into a full-fledged peace and friendship tour of the Far East.

Government leaders of Formosa, South Korea, the Philippines, Indonesia, Thailand and the Indochina states were understood to be ready and eager to welcome Eisenhower to their countries after his Tokyo visit.

Other Far East nations were expected to join in the clamor to have the President pay good will visits to their countries while he is in the area.

Some diplomatic officials believed it inevitable that Eisenhower would lengthen his tour, lest he injured the feelings of some friendly governments. South Korea Ambassador You Chan Yang quickly predicted Eisenhower would visit his country. Otherwise, he said, South Koreans "will feel very much slighted."

Thus far, however, the White House was reported standing firm on the President's decision to visit only Japan during his Far East swing.

With Congress moving into its final weeks as the political conventions approach, Eisenhower may feel he cannot spare from his duties the added time an extended Asian tour would take.

The President, who is known to be in a traveling mood, announced his visit to Tokyo Wednesday as the climax to conferences with visiting Japanese Premier Nobusuke Kishi.

Accepting a formal invitation, Eisenhower agreed to visit Japan about June 26, one day after ending his scheduled 10-day tour of the Soviet Union as guest of Premier Nikita Khrushchev.

The timing of Eisenhower's visit to Japan opened up the prospect the President would fly in his jet airliner across Siberia to the Soviet Pacific Ocean city of Vladivostok. From there it is only a flight of a few hours to Tokyo.

The President already is committed to other foreign tours. He is to fly to Brazil, Uruguay, Argentina and Chile Feb. 25 for a 10-day visit. And he has scheduled a trip to Paris May 16 to attend an "East-West summit" conference.

Here's One Teen-Ager Who Counts Blessings

Dear Dorothy Dix:
For quite a while I've been reading about the complaints of teenagers about not being allowed to do as they please or other things. I also noticed that some have quite a few freedoms of which they are not taking advantage.

I am a teenager, 16 years old. Many of my friends go to dances every weekend but I have stayed home. Just this week I asked my dad if I could go to the first big dance at school with a boy I like very much. Dad said, "No!" But does this stop me from enjoying myself? No, I was elected

Dear Dorothy Dix:
I'm married to a boy 23. I'm 19. We have been happily married a year January 4. But we live in the same house with his mother, brother, eight small children who were his sister's before she got killed. Before all this happened, we planned on moving closer to his and my job. Now the another way to move upstairs where our oldest married son is. My husband is all for the idea, but I won't. He tells me "no"

Villanova Club Rating Higher Every Game

BY THE ASSOCIATED PRESS
The Villanova club is for real. As Coach Fred Schaus of West Virginia said last week when his Mountaineers knocked it from the unbeaten.

"Villanova is the only team I've seen yet to be in a class with California," Schaus said. Cal handed the Mountaineers their only defeat and is ranked fourth in the latest Associated Press poll.

The Wildcats didn't show any signs of a letdown after the West Virginia defeat as they smothered a good Seton Hall five Wednesday night, 94-65. This was the same Seton Hall team that surprised St. Joseph's (Pa.) 89-88 a little over a week ago, and St. Joe's was picked as the class of the East before the season began.

It was another light college basketball schedule with only a handful of major games, two of which resulted in upsets.

Giants Sign Up Two More Stars

SAN FRANCISCO (AP) — Jimmy Davenport, one of the finest fielding third basemen in baseball, and Willie Kirkland, a slugging outfielder, today signed 1960 contracts with the San Francisco Giants. Both were believed to have received increases — Davenport to about \$17,500 and Kirkland to about \$13,500.

Play Wed. in Saratoga Tournament

In the invitational cage tournament at Saratoga yesterday and last night the Emmet girls defeated Pouke 51 to 41. Dougan tossed in 37 points, Jones 9 and Matthews 12 for Emmet. Green made 21 for Pouke.

Bodew's boys with Miller making 15 and R. Miller 10 and L. A. defeated the Pouke boys 40-31. Coston was high with 16.

In the third contest, Garland downed Guernsey 47 to 20. Guernsey's Cox made 16. Gray 8 and Self 5. Thomas led the winners with 19.

Saratoga boys didn't have a bit of trouble downing the Foreman boys 68 to 20 and Willisville laid it on delight to the tune of 39 to 21.

Tonight at 6 the Hope B team takes on Chidester. Blevins and Bodew boys meet at 8:30 p.m. Spring Hill and Genoa Central and Garland and Lockesburg meet this afternoon. Genoa Central and Foreman girls also play today while the Guernsey girls tangle with Lockesburg this afternoon. Blevins girls and Spring Hill play at 7:15 p.m.

Baseball Group Plans for the Coming Season

In the annual organizational meeting of all local baseball leagues at the Youth Center, the group elected Cecil O'Steen, president; Elmer Brown, vice president; and Dr. Sam Brown, secretary. Mr. O'Steen and Mr. Brown have been very active in the Doctor's League for the past few years while Dr. Strong has held the sec. tres. job for the past two years.

The group discussed equipment needed for the coming season and was unanimous in deciding that uniforms must be replaced in the Little League, National Little League, and strongly recommends that uniforms be replaced every three years although the local league has gotten considerably more service through proper care of uniforms.

Plans for 1960 are a 6 team Little League, a 4 team Doctor's League, a 4 team Pony League and a single Jr. Legion or Big League team.

A finance committee, composed of Jack Lowe, Walter Verhalen Jr. and George Walden was appointed by the president to assist in keeping the leagues properly financed. A committee appointed for selection of managers included Roland Robertson, Norman Moore and E. P. Young Jr. Anyone interested in managing a team, please contact one of these committee members.

All Little League games will be played at K-Park while the Pony and Big Leagues will play at Legion Field where facilities are being greatly improved.

NBA Wants a Franchise for Los Angeles

PHILADELPHIA (AP) — The National Basketball Assn. today requested proposals for a franchise for the Los Angeles Jets.

If approved it could mean two NBA clubs for the West Coast since owner Bob Short of the Minneapolis Lakers might attempt to move his franchise to San Francisco or Los Angeles if the club doesn't come out of the red financially.

At the same time league owners at their annual meeting prepared to delve into the problems presented by the admission of Chicago and to set up a playoff schedule and select a date for the playoffs.

Also on the agenda is the caliber of officiating in the league. After the St. Louis Hawks defeated Cincinnati 119-108 Wednesday night Royals' general manager Pep Wilson said he planned to make a verbal protest at the meeting about the caliber of officiating.

"This is another game the Royals had taken away from them by grossly incompetent officiating. We have been putting up with it all year."

Wilson did not name any officials.

Short said his Lakers are drawing only half as many fans per game about 2,500, as are needed to break even. He has rescheduled three of his home games to Los Angeles, San Francisco and Washington.

Chicago will be active in the 1960-61 season. It was admitted last September.

There will be no games tonight as the league will play its 10th annual all-star game in Philadelphia's Convention Hall Friday night beginning at 9 p.m. (EST). The East is a slight favorite over the West.

In other games Wednesday night Boston easily defeated New York 144-128 and Philadelphia beat Syracuse 129-123.

An escalator that can move around corners has been registered with the U. S. patent office.

Black Hawks Are Back in 4th Place

CHICAGO (AP) — The Chicago Black Hawks were back in fourth place in the National Hockey League race today in their fight with Boston for the last playoff spot.

But the Bruins, defeated 3-1 Wednesday night by the Hawks, got a chance to regain the fourth spot tonight in a game at Detroit.

The Hawks, who lead Boston by only one point, will be idle. The league - leading Montreal Canadiens meet the last-place New York Rangers in tonight's other game.

The fight for the NHL individual scoring title also came out in favor of the Hawks in Wednesday night's game, the only one scheduled.

Bobby Hull, the Hawks' star wing, picked up one goal and an assist to boost his total points to 57, one more than Brian Borneo.

Horvath. They were tied for the lead entering the game.

Pastrano in Victor, Wants Moore Next

MIAMI BEACH, Fla. (AP) — Willie Pastrano's hopes for a title bout with light heavyweight champion Archie Moore soared today on the heels of a unanimous 10-round decision over Jerry Lucdee.

Bidding farewell to the heavyweight division, Pastrano showed a national television audience Wednesday night his speed and elusiveness would serve him better in the light-heavy division.

His trainer, Angelo Dundee, said "I am certain Willie can beat Moore right now."

Pastrano has felt his lack of a knockout punch makes him a poor heavyweight prospect while his speed and fast fists would do better in the light class.

Pastrano completely baffled Lucdee with swift footwork and a fine assortment of jabs. His jab opened Lucdee's guard and his left eye in the fourth round and bloodied and puffed his nose in the eighth.

There were no knockdowns. Referee Jim Peartless gave the fight to Pastrano on the 10-point must system 98-94. Judge Eddie Thil scored it 96-93 and Judge Stu Winston saw it 98-93.

Hall of Fame to Admit Six Athletes

By WICK TEMPLE

LITTLE ROCK (AP) — "You never quit. You always think you're going to be a star. You're about three in a row and you're all pepped up again."

That spirit, eloquently expressed by ex-New York Giant shortstop Travis Jackson, provides a theme for tonight's Arkansas Sports Hall of Fame installation banquet.

Six men from four decades of Arkansas athletics will be enshrined in the Hall at the banquet. Six hundred of their friends and fans will watch.

The six are John Barnhill, Jim Benton, Don Hulston, Travis Jackson, Steve Creekmore and Jimmy Haygood.

They will bring the Hall's membership to 11. The first group, installed last year, included Bill Dickey, Jim Lee Howell, Wear Schoonover, Ivan Grove and Hazel Walker.

Jackson's memorable quote about quitting is especially apt because perseverance played a major role in building the reputations of these six.

Barnhill, 56, struggled through the trying early years of Arkansas University athletics, coaching the Razorbacks to their first Cotton Bowl game, then building the organization that yielded today's Razorbacks. He is U of A athletic director.

Benton, 43, a great pass catcher at Arkansas, went on to professional stardom and later was a winning Arkansas Intercollegiate Conference coach.

Hulston, 46, battled up from Pine Bluff High School to gain fame as the first and perhaps the greatest of 31 modern pass-catching ends. He starred at Alabama and Green Bay.

Jackson, 50, was one of the New York Giants' greatest shortstops. He conquered a seemingly hopeless knee breakdown as well as tuberculosis.

Creekmore, 70, quarterbacked the Razorbacks to their only perfect football season. Two decades later he became the state's winningest championship golfer.

Haygood, being honored posthumously, is one of the fathers of the Arkansas Intercollegiate Conference. His coaching feats at old Henderson-Brown College set state standards. His underranked team grew famous for its ability to hold mightier schools in tow.

Barnhill and Haygood were born in Tennessee. The others are native Arkansians. Creekmore is from Fort Smith. Jackson from Waldo, Hutson from Pine Bluff, Benton from Fordyce.

Barnhill claims Fayetteville now and Haygood's coaching days were spent at Arkadelphia. Haygood, died in 1935 at the age of 52. He will be represented at the installation banquet by Jimmy Haygood III of Memphis.

Joe Garagiola, former major league baseball star and now a broadcaster for the St. Louis Cardinals network, will be toastmaster. The Hall of Fame dinner is a sell-out at 600.

Ike Starts Final Year in Office

By MARYIN L. ARROWSMITH
WASHINGTON (AP) — President Eisenhower today with a prediction Eisenhower started his final year of a Republican victory in the November elections through hard work, thorough organization, and selection of good candidates.

It was delivered in an informal talk to party workers attending the National Republican Leadership Training School.

The GOP partisans gave Eisenhower an ovation.

And in a bit of facetious play, Ned Cushing, national chairman of the Young Republican Federation, awarded Eisenhower an

\$31.74 judgment by default for Plaintiff for \$31.74; Garnishment dismissed.

can survive any such in-law arrangement.

If you could only talk things out, it would be so much easier. Try to tell your husband what you've told me. If he still acts the selfish, there's nothing much you can do except go where he goes, unless you want a permanent break. He's young and so are you. Don't give up. Marriages weren't made to be broken.

Dear Dorothy Dix:
Mine isn't a problem of the heart, but it's going to wreck mine if it isn't solved.

There is a youngster in the neighborhood who is mentally defective. Even sadder is the fact that she is turned loose. About three times a week I have to chase her out of the storage shed, or garage. I know the child means no harm, but I am at my wits end.

Having no children myself, I can't imagine the problem of trying to raise this kind of child. I feel the girl should be put into a school where she would be in her own society. Would I be too far out of line to investigate such a place—or do I just have to sit back and let my beautiful new home become a mansion of shattered nerves—Nervous Neighbor?

Dear Nervous Neighbor:
The parents, not you, are responsible for their child. Talk to them. If they fail to act, report the case to the local welfare authorities. Such a child is a potential menace to herself and others.

Send your problem to DOROTHY DIX. Be sure to enclose a stamped, self-addressed envelope, and address her in care of this newspaper.

Pork Featured in Many Big U. S. Markets

By THE ASSOCIATED PRESS
Those little pigs who went to market in vast numbers last fall continue to show up in your meat counter as weekly special bargains.

Pork is the top item in many stores in the East, South and Far West this week, while pork loin, pork chops, small picnic hams and bacon head the list at others. But meat men warn that last fall's low hog prices brought a sharp cutback in offerings for slaughter so the lower pork price trend may be stopped in the on selling months.

Leg of lamb also is a popular item in Eastern and Midwestern stores with prices at a seasonal low.

Specials on frying chickens are scarce this week with prices up 2 to 10 cents a pound over a fairly wide area. Chicken producers also got a healthy scare when overproduction caused prices to dip last fall. They, too, slashed marketings, but output is reported climbing again.

Best buys among vegetables are snap beans, cabbage, carrots, endive, escarole, collards, kale, medium yellow onions, potatoes, sweet potatoes and spinach. Celery also looks good.

Good buys also include beets, peppers, parsley, rhubarb, rutabagas and turnips.

Quality cauliflower in good condition is fairly expensive. Light supplies push cucumber and lettuce prices higher.

Look for avocados, limes, apples and Florida oranges and grapefruit if you're seeking a fruit bargain.

Rated as good buys are California's navel oranges, lemons

"honorary degree" of doctor of political arts and sciences for "achievements indicating mastery of the highest degree of political skill."

The President joined heartily in the laughter at this.

In his talk, Eisenhower took no note that today was the seventh anniversary of his first inauguration.

But to newsmen the President's sides summed up his attitude in this way: He is looking forward eagerly to private life but wants one thing more—to see his crusade for world peace bear real fruit in the next 12 months.

New Note of Mystery in Plane Crash

WILMINGTON, N.C. (AP)—A new note of mystery was injected today into the Jan. 8 crash of a National Airlines plane in which 34 persons were killed.

A wallet found on the body of Connecticut attorney Julian Andrew Frank was reported to have contained no money. It was said to have yielded only identification cards and an advertisement for shoes.

The lack of money was taken in some quarters, to mean that Frank had boarded the plane for Miami with no thought of returning.

Sen. A. S. Mike Monroney (D., Okla.), chairman of a Senate subcommittee studying the crash, previously had expressed belief that the plane was blown up by a bomb carried by Frank.

However, airline officials in New York have said that their records showed Frank had booked a return trip on the day after the crash.

An investigation has centered on Frank because he recently had insured himself for nearly \$900,000. In addition, it developed that some of his activities were under scrutiny by the Manhattan district attorney's office and the New York City Bar Assn.

Way Cleared for Sale of Camden Plant

WASHINGTON (AP)—The way has been cleared for the Shumaker Naval Ammunition Depot near Camden, Ark., to be sold, possibly for industrial development.

Congress yesterday gave final approval to a proposal for the disposal of the huge facility. The Navy said it no longer needed the plant, which was constructed during World War II at a cost of about 220 million dollars for production of rockets.

The House Armed Services Committee approved the disposal after a comparable Senate group had okayed it yesterday. The General Services Administration will handle arrangements for the transfer of the depot to other interests, which have not been determined.

Full congressional approval is not necessary.

South Arkansas business and political leaders, who met last month to discuss the mammoth depot, hope it will be sold as a unit to interests that would develop it for industrial purposes.

They urged that the government declare the depot surplus. It has been estimated the depot could be bought for about 40 million dollars.

The depot has 1,232 buildings and 1,016 of them are of permanent construction. It has extensive housing, utilities and miles of streets and railroads.

Under the disposal proposal, the Navy is to retain easement for several years over an area in which rockets are stored in underground bunkers.

Hoffa Trial Set for February 23

WASHINGTON (AP)—U.S. Dist. Judge F. Dickinson Letts today set for Feb. 23 the trial of James R. Hoffa on charges aimed at Hoffa's removal as president of the Teamsters Union.

The trial was set on charges by court-appointed union monitors that Hoffa had misappropriated over \$200,000 of funds belonging to Hoffa's home Local No. 299 in Detroit—partly to help finance a Florida real estate development.

Hoffa has denied that in handling the funds he broke the terms of a consent order that allowed him to take over the Teamsters' presidency in early 1958 under watch by the monitors. The order established strict standards for union officers holding union money.

The monitors, headed by Chairman Martin F. O'Donoghue, filed notice they plan to go to Detroit next week to get advance testimony, by way of deposition, from O'Donoghue, Brennan, a Teamsters national vice president and Detroit Teamsters official.

High Red Welcomed Quietly in India

NEW DELHI, India (AP)—Soviet President Klement Voroshilov and a delegation of Kremlin officials received an orderly welcome today from an estimated 150,000 Indians.

Prime Minister Nehru and Indian President Rajendra Prasad greeted Voroshilov warmly as the 79-year-old chief of state stepped from his sleek TU104 jetliner.

Government clerks and farmers moved quietly to Voroshilov as he moved with Nehru and Prasad into New Delhi to begin a 16-day goodwill tour. The reception contrasted sharply with the hysterical enthusiasm given President Eisenhower by more than a million Indians.

A hour before Voroshilov arrived, the route between the airport and the city was virtually deserted despite free rides provided by city buses and anyone wishing to view the motorcade.

Voroshilov is largely a figurehead in a government dominated by Premier Nikita Khrushchev, but full honors were required both by protocol and India's warm feelings toward Moscow. The government spared no efforts to demonstrate that, despite the spectacular welcome given Eisenhower, India is still not aligned with either of the two big power blocs.

Tri-Service Club Has Business Meeting

The Tri-Service Club met on Friday afternoon in the home of Mrs. Bill Oates for a business meeting with the president, Mrs. J. B. Franks, presiding.

It was voted to give \$150 to the March of Dimes. Other projects were also discussed.

Refreshments were served by the hostess.

Other members included Mrs. John Pittman, Mrs. C. R. Gray,

Kansas Post, which de Tonti is credited with finding.
The society said it wanted a proposed bridge at Pendleton's Ferry near Arkansas Post named for de Tonti. The bridge would be part of the proposed Mississippi Parkway.
The resolution was in reaction to a proposal of the Colonial Dames of America that the new Mississippi River bridge at Helena be named for Hernando De Solo and the new Arkansas River bridge at Little Rock for de Tonti.

Mrs. J. R. Bemis, Mrs. Jim Morris, Mrs. Earl Eppler, Mrs. C. A. Hesterly, Mrs. Adam Guthrie Jr., Mrs. Bob Yarbrough, Mrs. Bob Reynolds and Mrs. Conrad White.

Jeff Jordan Celebrates Birthday With Party

Jeff Jordan celebrated his 6th birthday with a party given by his parents, Dr. and Mrs. Wayne Jordan at their home on Friday afternoon.

The guests, Lynn Nelson, Doug and Paula Guthrie, Jim DeLamar, Gregg Wood, Donna Daniel Bess Morris and Linda Oates, enjoyed playing a variety of games, ice cream and the birthday cake decorated in the circus motif were served from a table covered with a circus cloth. Favors were blow outs.

Mrs. Wren Scott Entertains
Mrs. Wren Scott entertained at a Bolivia party at her home on Friday afternoon. Potted plants

and dried arrangements were placed at vantage points in the rooms.

Mrs. Homer Ward won the high score award.

Other guests were Mrs. W. D. Cummings, Mrs. J. B. Hesterly, Mrs. R. P. Hamby, Mrs. H. L. Blukely Jr., Mrs. H. J. Wilson, Mrs. A. W. Hudson, Mrs. Dallas Atkins, Mrs. T. E. Logan, Mrs. E. M. Sharp, Mrs. Imou Gee and Mrs. Jim Yancey.

The hostess served a salad and dessert course at the close of the games.

Victory HD Club Meets With Mrs. R. L. Vandiver

The Victory Home Demonstration Club met Friday in the home of Mrs. R. L. Vandiver.

The meeting was called to order by the president, Mrs. Dennis Hill.

Mrs. Theo Elgin gave an inspiring devotional from Proverbs 3:5-6 and 1 Peter 5:7. Roll call was answered with a food problem I have.

Mrs. Johnnie Hooks, secretary, read the minutes of the previous meeting and gave the treasurers report. The club voted to make a \$5 contribution to the March of Dimes and club members revealed their past year secret pal. The Friday afternoon. Potted plants

Miss Sara Jane McGill, Nevada County HD Agent, gave some points on dieting and the calories contained in certain foods.

Miss Fannie Stuart, co-hostess assisted Mrs. Vandiver in serving donuts, dates, nuts and coffee to 18 members, a visitor, Mrs. Watson Porter and Miss McGill.

Miss Wilson Complimented

Miss Lucy Wilson of Wickers, bride elect of Bobby Woosley, was complimented with a bridal shower on Friday evening in the social hall of the Prescott First Baptist Church.

Hostesses were Mrs. Garland Ford, Mrs. Thel Hanning, Mr. D. W. Durham, Mrs. Bobby Whitmarsh and Mrs. Morrison McCelland.

Red and white color scheme was carried out in the decoration and included a red cloth that covered the gift table centered with a miniature bride and groom placed beside an arrangement of white sweet gum branches from which dangled red and white hearts and was encircled with nandina berries.

The honoree was lovely in a red sheath dress with a matching lace jacket. Her corsage was a white carnation.

Games were directed by Mrs. Whitmarsh.

Rail Union to Take Down Color Signals

CLEVELAND, (AP)—Delegates to the Brotherhood of Railroad Trainmen convention have agreed to erase the mention of color from their constitution.

The 1,100 delegates voted with a "show of hands" after almost two hours of discussion yesterday.

The result was "overwhelming approval of the proposed amendment to eliminate the phrase 'white males' from section 110 of the union's constitution."

Formerly the brotherhood's constitution restricted membership in the 200,000-member labor group to applicants who were "white males; sober; industrious and of good moral character."

A BRT spokesman said elimination of the color line from the constitution may help organizing efforts among railroad companies in the South and elsewhere, where large numbers of employees are Negroes.

with a lace cloth over red. A small cherub attached to glowing red candles in crystal holders flanked the central arrangement of glittered white pom poms, red satin hearts, silver leaves and nandina berries placed inside the outline of a red satin heart. Miss Sarah Dewoody served the white cake decorated in red and white. "Tom McCelland served the red punch. The red and white color was repeated in the mints.

There were 70 guests and included Mrs. Hody Butler and Mrs. Mildred Dickinson of Hope.

Mrs. Watson Buchanan and her daughter, Miss Mildred Buchanan were house guests during the weekend of Dr. and Mrs. James Stevenson in Little Rock. Miss Buchanan was one of 75 guests at a lunch given by Mrs. Griffin Smith and her daughter, Leslie, at their home on Saturday afternoon. Saturday night she was honored with a party given by her cousin, Miss Sara Ann Stevenson at her home.

Miss Lucy Wilson and Bobby Woosley, students at Southern State College, were the weekend guests of his parents, Mr. and Mrs. Nat Woosley.

Miss Sarah Dewoody, Southern State College student, spent the weekend with her parents, Mr. and Mrs. Brad Dewoody.

Mrs. Roy Stanton was the weekend guest of Dr. and Mrs. Robert Stanton and Mrs. C. E. Smart in Little Rock.

Gilda Fay Hines spent the weekend with Janet Jordan.

Mr. and Mrs. Don Young were the weekend guests of relatives in Cleveland, Miss.

Cherry Cobbler

Convenience foods star in this speedy Cereal-Flake Cherry Cobbler. Biscuit dough shaped in wheel fashion is filled and topped with a spicy cereal flake, butter, cinnamon, brown sugar mixture. Baked atop almond flavored cherry pie filling, the finished product is a luscious combination of spicy, crunchy biscuits, with a hot cherry sauce. It is different, unusual, and so simple to make. The ingredient use of breakfast cereals adds protein, important B vitamins, essential minerals, and food energy to recipes.

Cherry Cobbler

2 cups corn flakes, regular or 2 cups packaged biscuit mix
presweetened, crushed to
make 1 cup
1/2 cup brown sugar, packed
1/2 cup butter or margarine
1/2 teaspoon cinnamon

Combine corn flakes, brown sugar, butter or margarine, and cinnamon. Prepare biscuit mix according to package directions, using recipe for richer biscuits. Roll dough on a lightly-floured board into a rectangle 8x10 inches. Spread half of cereal mixture evenly over biscuit dough and roll up, jelly-roll fashion. Mix together cherry pie filling, water, and almond extract. Heat to a simmering stage and pour into shallow oblong 1 1/2 quart baking dish (10x6x1 1/4 inches). Cut dough crosswise into 6 equal portions. Flatten each portion slightly and place on hot cherry mixture, pressing dough down into filling. Sprinkle remaining cereal mixture over top. Bake in a moderate oven (375°F) until done, about 20 minutes. Serve warm, plain, or topped with whipped cream. Yield: 6 servings.

Faubus' Egg Proposal Gets Opposition

LITTLE ROCK (AP) — Three agricultural groups have spoken out against Gov. Orval Faubus' proposed amendment to the 1959 egg grading law.

Representatives of the Arkansas Farm Bureau Federation, the Arkansas Poultry Federation and the Arkansas Feed Manufacturers Assn. said yesterday the amendment would weaken a good law and make it more difficult

for Arkansas producers to develop a market for high-quality eggs. The amendment, recommended to the special session of the Legislature by Faubus, exempts from the grading law any eggs bought directly from a producer for direct resale to the consumer. "But we do not think the amendment would do that," Faubus said. "We think it would open the door to the bootlegging that was in operation before the present law was passed." The egg-grading law provides

simply that all eggs sold — with the exception of those produced from small flocks — would have to be graded. Anyone could qualify as a handler at no expense except cost of the equipment. Eggs not sold from producer to consumer must be graded. The law would enable small producers to sell to retail outlets which could sell to the consumers. Mariello's favorite typewriter story concerns an electric typewriter. A man got his tie caught inside the typewriter. The tie was ripped from his body. So was his shirt. And after the battle was over the man found a parking ticket on his car.

Democrats Plan a Complaint Committee
WASHINGTON (AP) — The Democratic National Committee announced today creation of an appeals board of seven members to which state party organizations can complain about financial quotas they are supposed to raise. The first meeting of the board will be held here Saturday and nine states have so far asked to be heard. An announcement in November said seven of those states — New Mexico, Ohio, Oklahoma, Texas, Utah, West Virginia, and Wisconsin — had paid nothing toward their 1959 quotas to support the national committee. THE LADY AND THE GIANT

By Clarence Budington Kelland

THE STORY: Because of the sensational discovery of the Cardiff Giant, Syracuse pays scant attention to the murdered body of an unknown man found in the Applegate barn. Orrin Applegate however is even more mystified by Madam Cissie Jane way who seems to be a woman of great wealth and whose name is connected with that of Financier Daniel Drew.

Chapter X
One afternoon when Madam was newly returned from some journey, she required me to accompany her and Lorie on a drive. It was a beautiful chilly afternoon, with the foliage of our trees making the countryside a flaming wonder of color. Madam fumbled in her reticule and brought out a little leather case and snapped it open. In the satin of it was a jeweled brooch which looked highly expensive to me.

Madam tapped Lorie's hand affectionately. "I got to thinking of you one day," Madam said. "And I missed you. And I wanted to simply had to do something about you. So I went in and bought this trinket for you. Somehow it made me less lonely for you, my dear."

Lorie took the case in her slender fingers and looked at it and admired its contents, and on her part face became grave. "It's lovely, Madam Cissie," she said, "and it was sweet and generous of you to think of me." Her voice became firmer. "But, Madam, there must be an understanding between us." She nodded her head determinedly.

"What understanding, honey child?"

"That never on any occasion whatever shall you give me a gift more expensive than I can afford to give to you."

"But that, Lorie, is so silly. The cost means nothing. I'd feel ridiculous giving you a book or a box of bonbons."

Lorie interrupted and shook her head stubbornly. "A book I would like; bonbons I would love. But — she paused and compressed her lips, so that I knew she meant what she said and would not change her mind — "But if you buy me anything costlier, I shall have to return it."

For an instant Madam seemed hurt, but then she smiled and patted Lorie's hand. "Such a pride!"

There could be no doubt of Madam Jane's kindness and generosity, nor of the lavish manner in which she spent money. She never seemed to give a thought to the cost of a thing she wanted or to the expense of any amusement or recreation. But contradictorily, there was economy to the running of the household — a economy that amounted almost to stinginess. Her shopping for groceries and vegetables and meats was done exclusively by the butler, Oscar. And if ever there was a stingy penny-pinching human being, it was he. He bargled and skinked and demanded. He would hicker over the cost of a 50 cent tack hammer, and the wages he paid the other servants were lower than those paid by anybody else in town. While Oscar was bargaining with a farmer over the price of a peck of potatoes, his mistress would be squandering a couple of hundred dollars on some absurd fancy or kindly charity.

Ike, Jap Prince to Swap Visits

WASHINGTON (AP) — Diplomatic sources said today plans have been made for an exchange of visits by President Eisenhower to Japan and by Crown Prince Akihito to the United States. An announcement was expected to follow a meeting between Japan's Prime Minister, Nobusuke Kishi and the President this afternoon. Kishi is formally presenting an invitation from Emperor Hirohito to visit Japan on this 16th year of U.S.-Japanese diplomatic relations. Prince Akihito is heir to the throne.

Aid Program in Bolivia Was Waste

WASHINGTON (AP)—Aid to Bolivia for the construction of the U.S. aid program in Bolivia—sometimes burdened on criminal negligence—cost millions of dollars over a five-year period, the Senate investigation subcommittee reported today.

The report said negligence, waste and inefficiency had caused losses in the 137-million-dollar program from 1953 to 1958.

It singled out Oscar M. Powell, 45, charge in Bolivia for much of the period, for special reprimand, although it said a lack of administrative ability in many post-revolutionary Bolivian officials of that time had some bearing. Powell is U.S. aid director in Guatemala.

The committee said the Bolivian program, now under director of Henry Hill, "is being properly administered."

The subcommittee, headed by Sen. John L. McClellan (D-Ark.) based its report on secret hearings last August and September.

These examples were cited by the subcommittee:

1. Food and fiber worth \$1,348,000 lost en route from ports in Chile and Peru to landlocked Bolivia.
2. An irrigation project at Villavieja costing nearly a million dollars that ICA later termed a worthless project, poorly planned and poorly administered.
3. A \$100,000 vocational agricultural school at Muzurina, later called "an overbuilt, overequipped plant, years ahead of the need and too expensive to elaborate for Bolivia to operate."

Seeks Money for Fish Farming

WASHINGTON (AP)—Sen. F.W. Fulbright (D-Ark.) said today he hopes for congressional approval this year of money to operate proposed fish farm experimental stations at Stuttgart and Kels, Ark.

The Fish and Wildlife Service expects to let contracts for construction of the two projects within six weeks and to complete them late this year, but no funds to operate the stations have been budgeted.

In other words, Fulbright said, unless some operational funds are provided, the complete projects presumably would stand idle for a few months. He said \$50,000 to \$100,000 would be needed.

The stations are being built as part of a federal-state study into utilization of idle rice ponds for production of fish in commercial quantities.

INSURANCE POLICY

PLAINFIELD, N. J. (AP)—Maurice S. Mandell and his wife have taken out what they call "a cheap insurance policy" that cost about \$100 a person for themselves and four children.

They had a 10 by 11-foot atomic fallout shelter built into a corner of their basement.

"It gives us a greater sense of security," says Mrs. Mandell. Her family moved here two years ago from Ohio where, she said, there's little thought of atomic warfare.

Her husband works at a local school at Muzurina, later called "an overbuilt, overequipped plant, years ahead of the need and too expensive to elaborate for Bolivia to operate."

Leaders Bent on \$2 Billion Cut by 1961

WASHINGTON (AP)—A cut to two billion dollars or more in new appropriations was the minimum goal of House Appropriations Committee leaders today as they started work on the 1961 federal budget.

"We should be able to cut at least two billion dollars," said Chairman Clarence Cannon (D-Mo.) in an interview.

"A couple of billion or more," said Rep. Tiberius T. Ryan (R-Iowa), Republican committee member on budget-cutting prospects.

Both men are influential in determining the size of new appropriations bills which finance the federal budget. Both singled out civilian personnel as an area for sharp cuts and large savings.

"The federal payroll tops a billion dollars a month," Cannon said. "The new budget provides for increases in personnel in every department of the government. We will seek to hold personnel to this year's levels. That would effect a considerable savings and would not interfere with efficiency."

Tiberius said his analysis of the president's \$79,800,000,000 budget shows plans for 42,000 additional civilian employees in the government. At least 4,000 of those jobs he said, should be disallowed. At an average salary of \$4,000 per employee, Tiberius said savings of 100 million dollars could be effected in the personnel area alone.

"There are many other places for cuts, too," he said.
